

School Supply List

Excel Academy will provide supplies for students in the classroom. However, many parents have asked for a list of supplies to purchase for home and to support classrooms for the fall. While each family should do their best to provide the items on the school supply list by the first of school, if costs of these items are prohibitive the staff at Excel will work to fund the listed items. **Note that all purchased supplies are being shared in each classroom by all students and will remain in the school building.** This encourages cooperation and teamwork among our girls. We suggest buying duplicates of these items for use at home.
